

Reynard

Health Supplies

Dry wipes range

Disposable, practical and absorbent, Reynard dry wipes are one of the softest and strongest wipes on the market and fast becoming the preferred option for bathing, nappy changing and general cleaning.

Chemical and fragrance free, Reynard wipes are made from a high quality, bleached and non woven fabric which can be used wet or dry. Soft, large and highly absorbent so you use less wipes.

Softest patient wipe

Reynard dry wipes are extremely soft and strong to meet the needs of patients and carers. They are free from heavy chemicals and fragrances and gentle enough to use on face, hands and body.

Absorbency

Reynard dry wipes are made from a unique non-woven fabric that exhibits excellent absorbency and impressive wet strength, they dry quickly and easily.

Variety of uses

Reynard dry wipes can be used for a variety of tasks from hand and face cleaning, patient cleansing and drying, nappy changing and general cleaning.

Cost-effective

Reynard dry wipes are a cost-effective alternative to costly laundered products such as flannels, face washers and towels. They are the preferred face washer alternative by over 90% of our customers.

Healthier alternative

Chemical and fragrance free, Reynard dry wipes are single use to promote safe infection control practices.

Product specifications and availability may vary according to country.

Always read the label and product information before use.

Supporting documentation

Full technical specifications are available upon request.

Bespoke solutions

Should your market require more or fewer wipes, lightly scented alternatives or even biodegradable wipes, for example, let us know. We are more than happy to develop bespoke solutions.
